

## How to travel

## from Bochum Main Station to Building ZEMOS

(Universitätsstr. 160)

Currently there are a lot of construction works on campus, so we do not recommend walking across campus as usual. Please follow this route instead:

**From Bochum Main Station to "Lennershof" (8 stops, approx. 12 min):**

- 1) At Bochum main station take the underground U35 (in the direction of "Hustadt"). Instead of getting off at the station "Ruhr-Universität Bochum", get off one stop later at "**Lennershof**".

**After arriving at “Lennershof” (approx. 5-10 min):**

- 2) Take the stairs or elevator to reach the bridge above.
- 3) Upon reaching the bridge, turn left and follow a small street called “Im Westenfeld” through the residential area to the very end.
- 4) Here you cross to the sidewalk on the other side of the road “Lennershofstraße” and turn right. After just a few meters this street makes a right turn. Instead of following “Lennershofstraße”, turn left onto Ruhr-University’s “Oststraße” by using one of the footpaths indicated by red and white striped poles.
- 5) Walk straight down “Oststraße”. On the corner of second street to the right you will find “Zemos”. For entering the building through the main entrance, stay on “Oststraße” for just a few more meters and enter from this side (green arrow on the map).

## How to travel

### from Subway Station “Ruhr-Universität” to Building GA/GABF

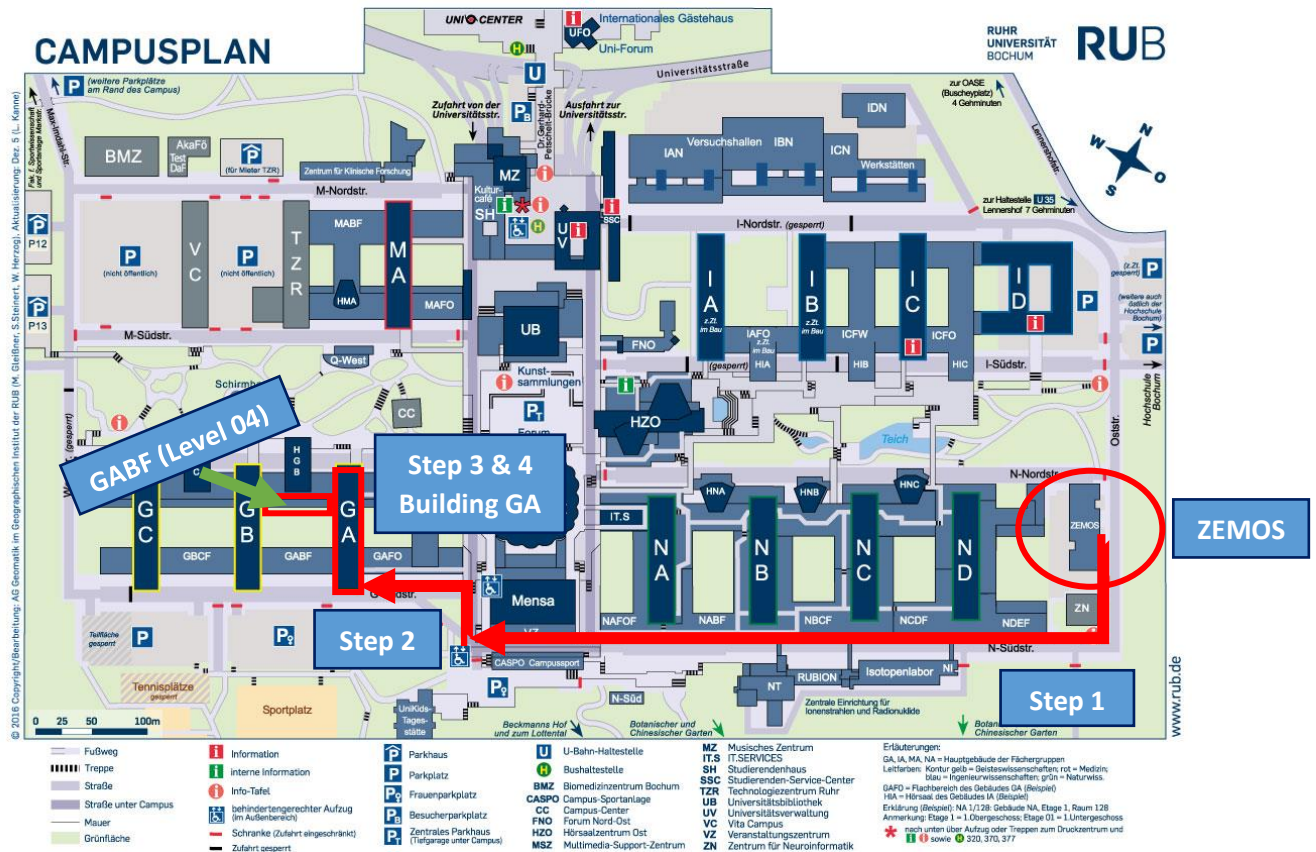

#### From subway station “Bochum Ruhr-Universität” to building “GA” (approx. 5-10 mins.)

- 1) After crossing the long bridge from the subway station towards Ruhr-University keep walking straight ahead and pass the university library (UB) on the right side, down the stairs, in direction of the big circular building *Audimax*.
- 2) After descending the stairs, take the small passage to the right and follow the path ahead until you see a row of buildings to your left shortly after. The first one is “GA”. Take the stairs of the slope to arrive at the main entrance.

#### From “GA level 02” to “GABF 04”

- 3) Enter GA and look for the elevators (you need to go through a glass door to the right, shortly after entering the building). Right now, you are at level 02. Take the elevator or stairway two levels down to 04.
- 4) Take the door to in the south-western direction (in the direction of the building GB) and enter the corridor through another glass door (GABF).
- 5) Walk through the corridor until you spot the room 04/252, 04/253, 04/255, 04/352, 04/354 whichever you look for.

- 2) Turn right and then left onto *G-Südstraße*. Follow *G-Südstraße* to building *GA* (the first huge building block).
- 3) Enter *GA* and look for the elevators (you must pass through a glass door to the left shortly after entering the building). Right now, you are at level 05. Take the elevator or stairway one level up to 04.

Currently there are some construction works on N-Südstraße but it is possible to just walk around them. Follow *N-Südstraße* past the last high tower building of the N-buildings until you find yourself below the "*Mensa*".
- 2) Here you can take the stairs up to the Mensa on either side. At the far end (left arrow on the map) you can also use an elevator.
- 3) Usually, you can enter the "*Mensa*" from the southern side. However, it might be easier to find one of the side entrances by walking a little more upwards in direction of the campus as indicated by the red arrows above.
