12:20	Sofia Livi	Laura Coccia	

Procedure

- Each person has **30 minutes** for the discussion of their project or question.
- Of these, plan **approx. 5 minutes** for presenting the project or the question to be discussed.
- In smaller groups with fewer people, discussion times can be handled more flexibly.
- All groups need to finish on time so to move back to the main conference site in line with our overall schedule.
